

# Pierre-Louis Braun

Born on July 13th, 1998 Mulhouse – France Currently living in Another City

☑ plbraundev@gmail.com

# **Personal Interests**

- Computers
- Science
- Physics
- o AI
- o Hacking / Cybersecurity

## **Education**

2017 - 2020. UHA 4.0

Computer Science University

Mulhouse – France

#### Lycée Blaise Pascal Colmar

Highschool

Colmar - France

## Collège Jaques Prévert

Middle school

France

# **Current situation:**

Sept. 2021 – Now. Self employed

Working at my own company on various projects.

# Bio:

I'm a computer hobbyist since the age of 9, i've been learning computer science, programming languages and various technologies since. i haven't got much diplomas but i can show my skills.

# **Skills:**

#### Languages:

C | C++20 | ASM x86 & ARM | Python | Rust Bash | ZSH | Vim, Vimscript | Make | Cmake | Awk HTML5, css, Javascript | NodeJs | PHP | Go Ruby | Java | Kotlin | Dart Haskell | Lisp | Lua | Ada, Ada Sparks | Zig | Wasm Julia | R | Cobol | Fortran Markdown |  $\mathbb{E}_{EX}$  XML | YAML | JSON

#### **Tools / Software:**

GNU coreutils, gdb, radare2, ghidra, ida pro, frida, sed, nmap metasploit framework, bettercap, netcat, netstat, ip, ss {s,m,l}trace, objdump, xxd, ld, ldd, wireshark, tshark, tcpdump [..]

#### **Sysadmin skills:**

Linux, Unix | KVM | Qemu | Libvirt | Docker | LXC, LXD Nix | Kubernetes | ZFS | Btrfs Regex, globs & wildcards Systemd | systemd-nspawn | machinectl

## Technology:

Git | UML | Graphviz | Ajax | Arduino | Jira | Confluence SQL: mysql, postgres | NoSQL: mongodb, redis, scylladb NewSQL: cockroachDB | Nginx

## Libraries:

SDL2 , SFML, OpenGL, Vulkan Ncurses, QT, GTK, Tk, XCB Opencl, Sycl, Hip, OpenACC/OpenMP, Cuda socket, libssh, libsodium, STD & STL algorithm[...]

## Misc:

Cybersecurity, Reverse engineering, Binary exploitation Forensic analysis, Cryptanalysis, Data Oriented Programming AI, Machine learning and expert systems. Android JDK, Android NDK | Computer Architecture Arch Linux, Gentoo, LFS(linux from scratch), NixOS, debian\*

# **Achievements**

Currently in the top 50 of the DGSE hacking 404CTF (Now) One of the winners of the DGSE Richelieu hacking CTF (2019)

# **Languages** Hobbies

French English

Cooking | Programming | Hacking | Painting Listening to music | Hiking | Electronic Learning | Reading | Sport | Skateboarding
